SINGAPORE AIRLINES

Empathy map

SAYS

- I want to book my flight quickly and easily.
- Where can I find baggage information?
- I need to manage my booking later if my plans change.
- I want to compare flight timings and prices.
- The website looks very professional.

THINKS

- This website looks premium and trustworthy.
- I hope I'm getting the best flight and fare.
- Everything seems well organized, but there is a lot of information.
- I hope the payment process is secure and smooth.
- Will I be able to find all the travel requirements without searching too much?

USER

DOES

- Uses the homepage booking widget to search for flights.
- Compares travel dates, cabin classes, and fares.
- Reads baggage policies, visa information, and travel advisories.
- Logs into the KrisFlyer account to manage bookings and earn rewards.
- Completes the booking and checks for confirmation emails.

FEELS

- Confident because the website appears professional and reliable.
- Comfortable due to the clean layout and intuitive navigation.
- Satisfied because important information is well organized.
- Slightly overwhelmed by the amount of travel-related information available.
- Slightly frustrated if CAPTCHA or login verification interrupts the process.

Persona: David Lee (Business Consultant)

Goal: Book an international flight efficiently while accessing all necessary travel information and managing the booking easily.

ACTION	Action 1 Visit Website	Action 2 Search Flights	Action 3 Compare and Select Flights	Action 4 Complete Booking and Payment	Action 5 Manage Booking / Check-in
TASK LIST	Tasks A. Open Singapore Airlines Website B. Explore Homepage C. Locate Booking Widget	Tasks A. Enter departure and destination B. Select travel dates C. Choose Passengers	Tasks A. Compare fares B. Select Cabin Class C. Review Baggage allowance	Tasks A. Enter Passenger Information B. Complete Secure payment C. Receive booking confirmation	Tasks A. Manage booking B. Complete online check-in C. View flight status
FEELING ADJECTIVE	Interested	Focused	Confident	Excited	Satisfied
IMPROVEMENT OPPORTUNITIES	Reduce information overload by simplifying the homepage.	Add quicker access to frequently used services such as baggage information and travel advisories.	Make fare comparisons and flight recommendations more prominent.	Improve error recovery and reduce interruptions from CAPTCHA or repeated login verification	Make booking modifications, cancellations, and refunds easier to locate and complete.

David Lee

Age: 35 years
Education: BBA
Hometown: Singapore
Family: Married , 1 Child
Occupation: Business Consultant

"I value experiences that are reliable, elegant and make every journey feel effortless."

Goals

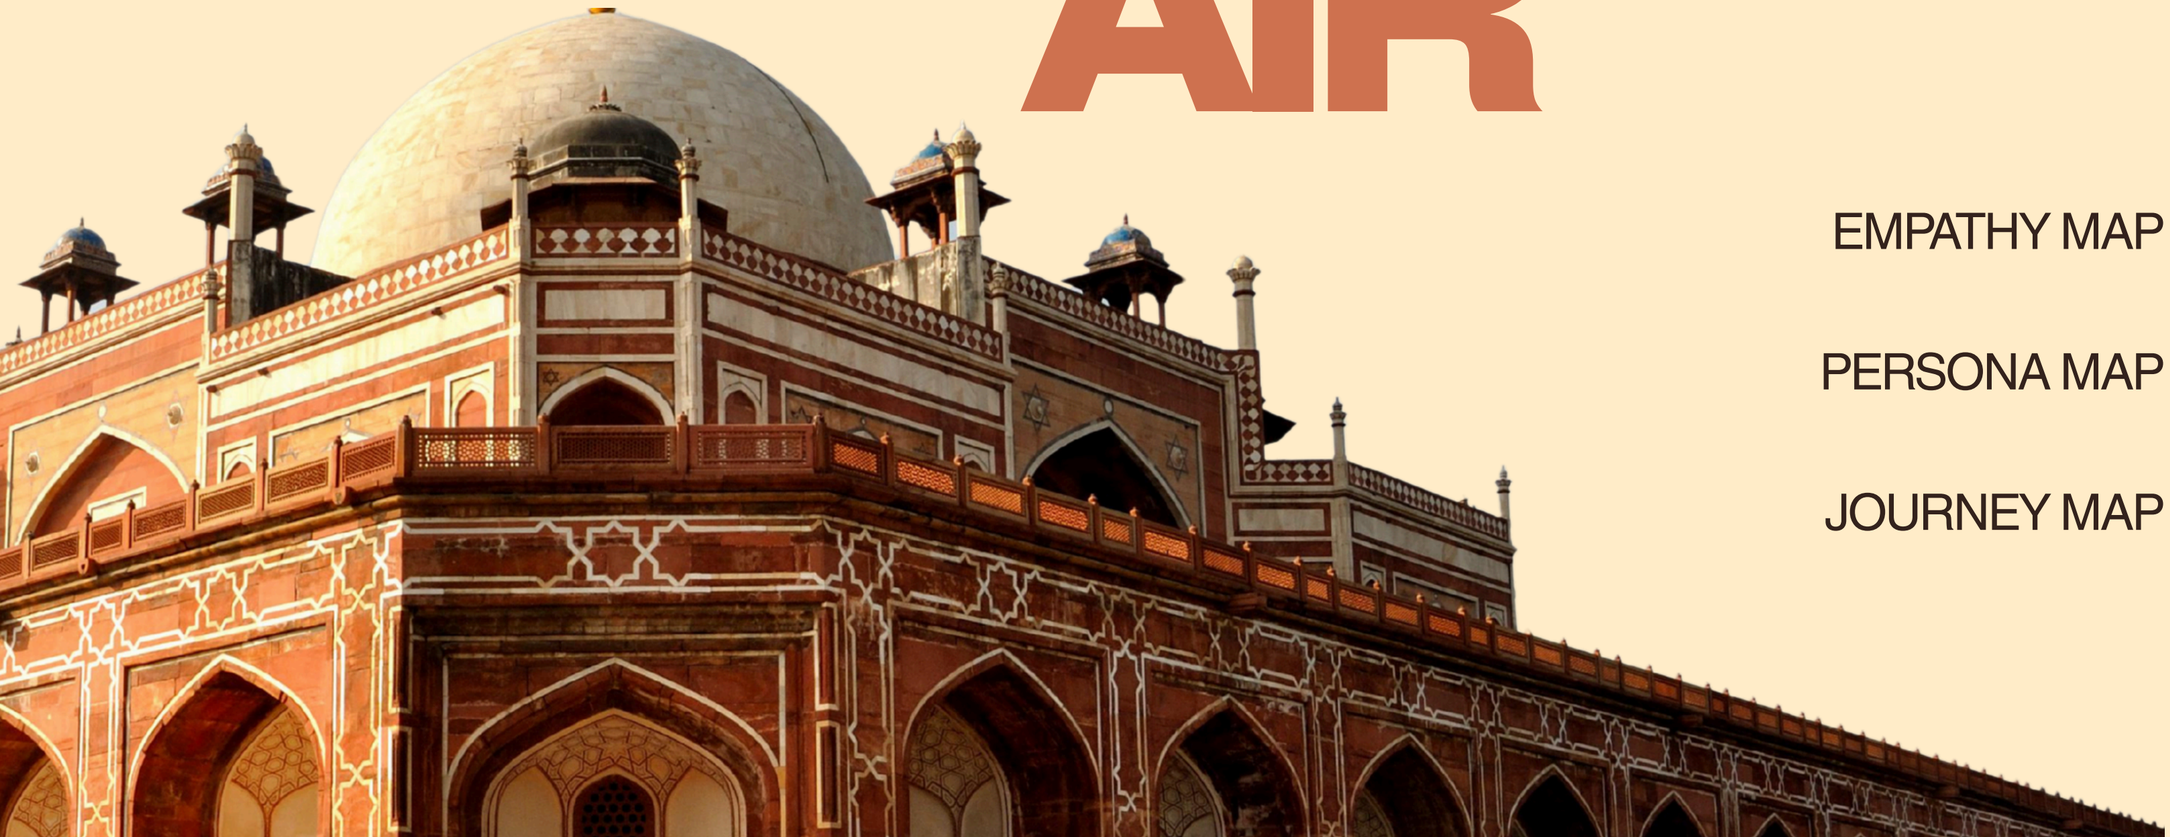

- Book international flights quickly and securely.
- Compare flight timings and fares easily.
- Access baggage, visa, and travel information without confusion.
- Manage bookings and complete online check-in efficiently.
- Earn and redeem KrisFlyer loyalty rewards.

Frustrations

- Too much information on the homepage can overwhelm first-time users.
- Finding booking modifications may require several clicks.
- CAPTCHA or repeated login verification interrupts the booking flow.
- Accessibility for keyboard-only and screen-reader users could be improved.
- Some travel services are hidden within multiple menu levels.

David is a business consultant who travels internationally several times a year. He values a professional, secure, and efficient booking experience. He visits the Singapore Airlines website to book flights, compare fares, and review travel requirements before confirming his reservation. While he appreciates the website's premium design and intuitive booking process, he occasionally finds the abundance of information overwhelming and wishes post-booking services such as cancellations and booking modifications were easier to locate. Overall, he expects a seamless digital experience that saves time and provides confidence throughout his journey.
